

MEMORANDUM

TO: Urbana City Council
FROM: Diane Wolfe Marlin, Mayor
DATE: October 25, 2021
RE: Board and Commission Appointment

Historic Preservation Commission – term expiring June 30, 2024
Angela Urban

Angela Urban is an Associate Technical Director at the Construction Engineering and Research Laboratory of the Army Corps of Engineers, focusing on research for sustainability and technology. She is a graduate of the UIUC Master of Urban Planning Program, and has certifications as a LEED Green Associate and as a Real Estate Development Finance Professional. As an urban planner and artist, she grew up appreciating art, architecture and physical/cultural preservation. Having worked at non-profits in both Urbana and Champaign, she became intimately familiar with the history of our local landmarks and, by joining the Historic Preservation Commission, hopes to continue and extend the work of current members to conserve our city's urban fabric.
