

The Curtis Road Corridor Study includes 4.6 miles of Curtis Road from Neil Street/US 45 to High Cross Road/IL 130. The goal of this study is to identify infrastructure that facilitates mobility within and between the surrounding jurisdictions as well as supports and protects the disparate surrounding land uses, including the University of Illinois agricultural research and educational fields known as the South Farms.

PUBLIC MEETING

Join us for an overview of the Curtis Road Corridor Study and provide input:

How do you use Curtis Road?

What are it's current strengths and weaknesses?

Thursday October 13, 2016, 6:00 -7:30 PM

Church of Christ, 2601 Philo Road, Urbana

(NW corner of Philo and Windsor)

RSVP is requested but not necessary.
To RSVP or for more information
