## **EXECUTIVE SUMMARY**

### **1. Managing the Process**

The FY 2013-2014 Urbana HOME Consortium and the City of Urbana Annual Action Plan identifies housing and community development activities to be implemented during the fourth year of the five-year Consolidated Plan period. The Annual Action Plan identifies activities that will be undertaken by the City of Urbana with Community Development Block Grant (CDBG) funds during the year beginning July 1, 2013, as well as activities to be undertaken by the City of Urbana, City of Champaign, and Champaign County with HOME Investment Partnerships (HOME) funds during the same year.

The Annual Action Plan has been prepared by the City of Urbana in its dual capacity as CDBG entitlement recipient and lead entity of the Urbana HOME Consortium. The Urbana City Council Committee of the Whole reviewed the Annual Action Plan at its April 8, 2013 meeting, and the Annual Action Plan was presented for Council approval on April 15, 2013. Prior to approving the Annual Action Plan, the City of Urbana obtained concurrence from the City of Champaign and Champaign County regarding the use of HOME funds by the Consortium members.

Activities in this Annual Action Plan address strategies identified in the five-year 2010-2014 Consolidated Plan. Through its **CDBG Program**, the City of Urbana proposes to:

- Conserve housing stock through rehabilitation.
- Provide improvements necessary to remove barriers to accessibility to persons with disabilities (Access/Emergency Grants).
- Alleviate hazardous conditions that pose a threat to health and safety of residents (Access/Emergency Grants).
- Provide funds for home maintenance repair for elderly or persons with disabilities at any age, for very-low income households (Senior Repair Service Grants).
- Provide funds for property acquisition/demolition/maintenance to eliminate slum and blight, and support Affordable Housing programs with non-profits and Community Development Housing Organizations (CHDOs).
- Clearance of secondary buildings and structures that create health and safety concerns. (Clearance of Slum/Blighted Conditions)
- Support public service programs and other activities targeted toward very low-income Urbana residents.
- Sponsor special neighborhood cleanup activities in the target areas.
- Assist homeless families through the City's Transitional Housing Program.
- Provide funding, which augments the City's general revenue fund, for street, sidewalk, and streetlight improvements in targeted neighborhoods.
- Contribute funds toward the development of infrastructure on the Kerr Avenue affordable and sustainable housing project, as well as City infrastructure for neighborhood sidewalks and streetlights.

Through the **HOME Program**, the Urbana HOME Consortium members propose to:

- Provide operating funds to certified Community Housing Development Organizations (CHDOs) that develop affordable housing opportunities.
- Contribute toward projects providing homeownership of newly constructed energy efficient homes for low- and moderate-income families.
- Rehabilitate owner-occupied housing in Champaign, Urbana, and in unincorporated areas of Champaign County.
- Contribute funds for the process of planning and designing affordable, sustainable housing on City-owned property.
- Contribute toward programs that will provide homeownership units for low- and very-low income households.

The Annual Action Plan was developed by the City of Urbana in accordance with its Citizen Participation Plan, which is included as part of the Consolidated Plan. The Urbana Community Development Commission sponsored public hearings to obtain input prior to and during plan preparation. In order to encourage public participation by the broadest audience possible, the City held six public hearings and neighborhood meetings between January and March 2013 at various locations within the City in order to gain citizen input.

**3. Evaluation of Past Performance**

Based on input received during public hearings, Community Development Commission meetings and City Council meetings, infrastructure projects to be implemented during the FY 2010-2014 Consolidated Planning period will help to provide a more suitable and safe living environment. The infrastructure reconstruction and installation projects in this Annual Action Plan will also address suitable and safe living environment objectives.

The demand for assistance through the Emergency, Access, and Senior Repair Programs fluctuates year-to-year. Increasing utility and maintenance costs as well as other rising housing costs place a burden on the lower income households. The City maintains a waiting list for Whole House Rehabilitation participants for which the demand remains high, due to limited funding availability. Owner-occupied housing rehabilitation programs have a positive impact for participants and help stabilize properties. Programs addressing neighborhood conditions are continuing to becoming more successful at improving the overall appearance of the target neighborhoods.

City of Urbana staff annually conducts a survey in targeted neighborhoods to identify blighted secondary structures and vacant, deteriorated buildings that need to be repaired or demolished. As part of this program, during FY 2013-2014, staff will continue to work with owners to encourage mitigation of the blighted conditions. Property owners are also informed of the availability of City of Urbana programs for income-qualified owner-occupants that will offset the cost of abatement. This process has resulted in the removal of at least twenty-four (24) blighted structures.

The Neighborhood Newsletter is mailed two-three times each year to provide residents of the target neighborhoods notification of the available programs for assistance and to address these conditions. The City also keeps residents informed through public notices and information posted on the City website at [www.urbanaininois.us](http://www.urbanaininois.us), in the local newspaper, and on the public access television channel (UPTV).

The City's Emergency Grant and Senior Repair Service Programs provide much-needed funds that mitigate the immediate and deferred maintenance issues for those who otherwise would not be able to afford such repairs. The Access Grant Program is intended to help remove barriers to accessibility for persons with disabilities. It is available for renters or homeowners who earn less than 80% of Median Family Income to make necessary improvements. Both programs are essential elements needed to help stabilize targeted neighborhoods.

In FY 2012-2013, the City and Urbana HOME Consortium Programs have assisted residents by program or location as indicated in the following table. The table also includes the expected number of residents estimated to be served during FY 2013-2014.

The City and Consortium work to identify other new programs to improve property values and neighborhood appearance; however, federal funding limitations may affect the extent to which new programs can be carried out.

The City of Urbana instituted a Rental Registration Program to address rental property conditions. The program is enforced on a citywide basis to ensure that all rental units are in compliance with the current property maintenance codes. This program helps stabilize

neighborhoods through inspection of rental units to ensure safe housing that complies with City codes for the tenants.

During FY 2012-2013, City inspectors inspected approximately 666 dwelling units in six geographical areas of Urbana. The total number of units inspected since the program began in 2007 is 7285. The program goal is for all of the 8881 currently registered rental units in the City to be systematically inspected at least every five years to ensure compliance with the current Property Maintenance Code standards.

**CITIZEN PARTICIPATION**

The Annual Action Plan was developed by the City of Urbana in accordance with its Citizen Participation Plan included as part of the 2010-2014 Consolidated Plan process. The Urbana Community Development Commission sponsored public hearings to obtain input prior to and during plan preparation. In order to encourage public participation by the broadest audience possible, the City held public hearings, and solicited citizen input at various times and locations throughout the City, as follows:

**Citizen Participation: Comments Received**

Comments received in January – March 2013 regarding the Annual Action Plan are in support of the City continuing support of Consolidated Social Service Programs, and the funding for City Infrastructure improvements. Meeting minutes and attendance sheets are included as Appendix IV to this Action Plan.

In order to broaden public participation in the Consolidated Plan/Annual Action Plan process, the City provided notice of neighborhood meetings and public hearings as follows:

- Included all meeting information in a newsletter which is sent to all residents of the City's target areas
- Provided public notice by advertising in a local, widely-read newspaper
- Provided public notice on City Website [www.urbanaininois.us](http://www.urbanaininois.us)
- Emailed and mailed public notice to social service agencies, media, and concerned citizens

## **RESOURCES**

The Annual Action Plan describes activities to be undertaken by the City of Urbana with CDBG funds and by Urbana HOME Consortium members with HOME funds. The City of Urbana expects to receive **\$344,512** in FY 2013-2014 CDBG entitlement funds. These funds will be combined with unprogrammed funds and carryover, to create a total estimated CDBG program budget of **\$680,434**.

Leveraging is one of three primary objectives used by the City to determine how CDBG funds are to be used in Urbana (the other two objectives are impact on community and collaboration with other agencies). CDBG funds for infrastructure improvement activities within the targeted area will leverage other city resources and, in one case, federal funds for the project.

The Urbana HOME Consortium expects to receive **\$737,437** in FY 2013-2014 HOME funds. These funds will require **\$127,596** in Local Match to be provided Consortium-wide. The final Annual Action Plan will have a budget total that includes projected administrative carryover. HOME funds remaining as of July 1, 2013 from uncompleted projects from previous years will be carried over, to be expended in the coming year.

As with the CDBG program, many HOME-assisted activities involve leveraging non-HOME funds:

- HOME funds allocated to the Community Housing Development Organizations developing owner occupied homes will be leveraged by down payment assistance provided by other agencies, material donations, volunteer participation, and monetary donation.
- The HOME Program match requirement for Consortium Members will be satisfied through a number of eligible sources, including, but not exclusively, allocation of local government funds, utilization of Carryover Match Contributions from prior years, and other non-federal funds.
- Community Housing Development Organizations will use non-Federal funds such as Illinois Affordable Housing Trust funds, funds from the Federal Home Loan Bank of Chicago, private donations and grants to meet their HOME match requirements.

## **DESCRIPTION OF ACTIVITIES TO BE TAKEN**

See Listing of Proposed Projects (*CDBG...page 30 and HOME Program...page 41*)

## **GEOGRAPHIC DISTRIBUTION**

Since 1985, the City of Urbana has targeted its Community Development Block Grant funds to improve conditions in its Community Development Target Area, which consists of Census Tracts 53, 54, and 55 in north and east central Urbana. For the Program Years associated with the FY 2010-2014 Consolidated Plan, the Community Development Target Area also includes Block Group 1 of Census Tract 56. A graphic (map) depicting the expanded boundary of Community Development Target Area is attached as Appendix II. The areas of Minority Concentration are Census Tracts 51:1, 53:2, 53:3 and 53:5. This information is provided graphically in the 2010-2014 Consolidated Plan as Map 4, in the map section of the plan.

Urbana Community Development Target Area		
CENSUS TRACT	BLOCK GROUP	LOW MOD INCOME%
<b>53</b>	1	64.1%
53	2	87.4%
53	3	81.0%
53	5	76.7%
<b>54</b>	4	79.3%
54	5	68.7%
54	6	51.5%
<b>55</b>	1	91.9%
55	3	69.5%
55	4	39.4%
55	5	48.1%
55	6	61.0%
<b>56</b>	1	58.7%

The previous table identifies the City of Urbana Census Tracts and Block Groups contained in the expanded Target Area and the percentage of low/moderate income persons within each Block Group. These areas correlate with the Community Development Target Area map in Appendix II.

Urbana HOME Consortium funds are divided geographically based on an intergovernmental agreement among the City of Urbana, City of Champaign, and Champaign County. Within the boundaries of each entity, HOME funds are generally used to support affordable housing activities jurisdiction-wide without further geographic targeting.

## **DEVELOPING INSTITUTIONAL STRUCTURES**

Urbana staff is an acknowledged resource for information on housing and service agencies. Staff receives numerous telephone calls each week requesting information and makes referrals to appropriate housing and service agencies. These efforts will continue in the coming year, with an emphasis on increasing communication between agencies

and updating information. The City will continue to utilize available Internet website applications to aid in this effort. The City recently launched the new user-friendly site with improved access to information and continually makes updates as needed.

The Housing Authority of Champaign County became a Moving to Work Program and executed a Moving to Work Agreement with the U.S Department of Housing and Urban Development (HUD) on October 17, 2010. Moving to Work (MTW) is a demonstration that provides a limited number of Public Housing Authorities with the ability to design and test innovative approaches, tailored to their communities, using federal dollars more efficiently, providing increased support for families to become economic self-sufficient and increasing housing choice for low income households. The broad flexibility to waive statute and regulations allows HACC to better serve and house residents while streamlining internal operations.

The seven-member HACC Board of Commissioners consists of two commissioners appointed by each of the Cities of Urbana and Champaign, an appointee that rotates between the two cities called a "floating" appointee, a commissioner appointed by the Champaign County Board, and a commissioner appointed from among residents of the HACC properties.

The City will continue to work with the HACC's Developer over the next year regarding the redevelopment of Dunbar Court – Hamilton on the Park, located in Urbana.

## **MONITORING**

The City of Urbana and the Urbana HOME Consortium will utilize monitoring standards and procedures provided in existing publications and guidebooks. Specifically, *HUD-2030-CPD Monitoring HOME Program Performance*, *Managing CDBG: A Guidebook for Grantees on Subrecipient Oversight*, and *Basically CDBG* (prepared by TONYA, Inc.) will be utilized. A key consideration in the monitoring activities will be to ensure compliance with program requirements, including the timeliness of expenditures.

The Urbana Grants Management Division staff, the Urbana Community Development Commission, and the Urbana City Council will monitor progress toward meeting Consolidated Plan goals and objectives. The Commission is appointed by the Mayor and Council to provide recommendations and oversight regarding the City's Community Development Block Grant Program, the HOME Program, and other housing-related programs. The Commission meets on a monthly basis (scheduled for the fourth Tuesday) at the Urbana City Building Complex to review staff progress toward housing goals.

The Commission recommends funding levels for the annual CDBG and HOME applications to the Urbana City Council, and reviews requests for other housing-related funds. The Grants Management Division of the City of Urbana's Community Development Services Department is responsible for monitoring all programs implemented with Community Development Block Grant and HOME program funding to ensure compliance with all regulations associated with HOME and CDBG programs.

Local building codes apply to properties assisted through the City's housing rehabilitation programs. Certified inspectors from the City's Building Safety Division enforce compliance with local building codes. Assisted properties are inspected for code violations by Building Safety staff in the initial phase of the rehabilitation process. In addition, a risk assessment inspection is completed by trained and certified staff to identify potential hazards associated with lead-based paint.

After the contract is executed and during project construction progress, rehab staff performs inspections periodically to ensure proper completion of the work. Payouts to contractors are issued only after both the rehab staff and owner approve the work quality. Building Safety Division performs a final inspection of all the work associated with building codes and issues a Certificate of Occupancy that indicates all work is complete in accordance with local code. Final payment is issued to the contractor only after a Certificate of Occupancy is approved and the property has been tested to ensure lead-paint hazard clearance.

The City of Champaign and Champaign County will similarly monitor their HOME funded programs. Work processes and checklists are in place to ensure compliance with HOME program requirements related to housing code concerns. Subrecipients will be monitored at least once a year. Programmatic expectations regarding monitoring will be detailed in all subrecipient agreements. The Grants Management Division will submit performance reports to the appropriate funding agencies in accordance with program guidelines.

### **LEAD-BASED PAINT**

The City will continue to address lead-based paint hazard requirements. In order to be current with developing standards, City staff continues to attend workshops, review and revise the rehabilitation manual, and coordinate with contractors and environmental regulatory agencies.

The Grants Management Division of the City will continue to ensure compliance with Title X lead based paint regulations. The Grants Management Division staff is committed to meeting these obligations and will do so in the most cost-effective methods available. The following list describes the measures to address lead based paint hazards the City intends to pursue in FY 2013-2014:

- Continue to work with the City of Champaign and Champaign County to address best practices in meeting lead-based paint requirements. This will include, but not be limited to, attending HUD-sponsored and EPA-sponsored lead-based paint training workshops, internet training applications (webinars), and related HUD efforts to provide lead-based paint hazard training.
- Continue coordination with the Illinois Department of Public Health (IDPH), Division of Environmental Health, and the Champaign County Public Health District for future funding opportunities.
- Continue to sponsor educational and training events for local government, contractors, public health officials, and other concerned parties on lead-based paint concerns.

- Continue efforts to coordinate activities in meeting HUD, IDPH, and EPA lead-based paint requirements with the Building Safety Division of the City of Urbana, Community Development Services Department.

## **II. HOUSING**

### **SPECIFIC HOUSING PRIORITIES & OBJECTIVES**

Housing activities to be undertaken in FY 2013-2014 are selected based on the needs of the community, as reflected in the FY 2010-2014 Consolidated Plan and input received from citizens during public hearings and neighborhood meetings.

#### **1. Rehabilitation**

The City will provide housing rehabilitation assistance to low- and moderate-income residents of the Target Area in order to address deferred maintenance and stabilize property values. The City will also provide assistance to income-qualified residents to address health and safety hazards in their homes. Access Grant funds will be used to retrofit homes of income-qualified persons with disabilities and senior residents to remove barriers and allow for a more accessible home environment. Funding will be provided to eligible senior citizens through the Senior Repair Service to help defray costs of minor repairs that would otherwise become deferred maintenance.

#### **2. Homeownership**

The City will be working with local non-profit Community Housing Development Organizations (CHDO) to continue to develop affordable, energy efficient homeownership opportunities for low- and moderate-income residents. The City and CHDOs will work to augment City funds for homeownership by seeking grant funding from the Illinois Housing Development Authority, the Federal Home Loan Bank, and other sources. Any funds acquired through such grants will be used to offset the costs of developing affordable housing.

#### **3. Fostering Decent Housing**

The City will continue to work closely with the Community Reinvestment Group (CRG) in identifying and supporting efforts to increase homeownership. In conjunction with CRG and Consortium involvement with Money Smart Week, advertising and outreach will be stepped up in an effort to continue the increase in attendance to this popular annual event.

The City of Urbana, in cooperation with the Urbana-Champaign Continuum of Care and its member agencies, periodically conducts point-in-time surveys throughout the community in order to gauge the needs of the special needs (homeless) population.

Consolidated Social Service Funding may be set aside for program activities yet to be determined which would benefit low-income Urbana residents of the CD Target Area. The Community Development Commission annually provides input to the Urbana City Council

regarding priorities to be considered regarding public service funding under the CDBG portion of the Consolidated Social Service Funding (CSSF) pool.

## **NEEDS OF PUBLIC HOUSING**

City of Urbana staff has spent a significant amount of time and resources related to public housing improvements, and anticipates an increased level of involvement in FY 2013-2014. City staff attends the regular meetings of the board of directors of the Housing Authority of Champaign County, and works with the Housing Authority to provide input, and foster coordination and cooperation between the two entities.

The City provided technical assistance to the Housing Authority in regards to the tax credit Preliminary Market Study Assessment submittal to the Illinois Housing Development Authority (IHDA) for the redevelopment of Dunbar Court (Hamilton on the Park), which was formally approved by IHDA for funding. The City will continue to work with the Housing Authority to identify opportunities to provide replacement housing units to low-income residents throughout the community.

The Housing Authority was selected as a participant in the newly developing "Moving to Work" program, a program for public housing authorities (PHAs) that provides them the opportunity to design and test innovative, locally-designed strategies that use Federal dollars more efficiently, help residents find employment and become self-sufficient, and increase housing choices for low-income families.

In addition to working with the Housing Authority, outreach has been targeted directly to public housing residents and Section 8 voucher holders. The Consortium will continue to work with both the Housing Authority and the voucher holders to improve the housing conditions and opportunities for these residents.

## **ADDRESSING BARRIERS TO AFFORDABLE HOUSING**

The cost of housing within the Consortium is not significantly affected by public policies. The City of Champaign, the City of Urbana, and Champaign County have policies on taxation, land use, zoning, building codes, fees, etc., which are conventional and similar to other downstate Illinois and Midwest communities. Housing costs are influenced by the large number of transient tenants and homebuyers who are attending the University of Illinois. This high demand for housing has resulted in increased housing costs, especially in the rental housing market.

Additionally, the national housing market has affected housing costs throughout the entire Consortium area. With high demand for large single family homes on the fringes of the cities, there is very little affordable housing being built within the Consortium area. In response to the above-mentioned market influences that affect the entire Consortium, the City of Urbana has enacted the following actions to reduce any remaining barriers to affordable housing:

- The Urbana City Council periodically reviews its land development code and zoning ordinance to identify development guidelines that may unnecessarily restrict or add to housing development costs.
- The City of Urbana has not implemented incentives to develop, maintain, or improve housing that have created barriers to affordable housing.
- The City of Urbana has adopted a Human Rights Ordinance that does not allow housing discrimination based on the person's source of income. This has aided persons who are provided with housing assistance to more easily identify housing opportunities.
- Implement strategies included in the City of Urbana Analysis of Impediments to Fair Housing Choice (as updated in January of 2010). The City of Urbana's most recent Analysis of Impediments to Fair Housing Choice was adopted by the Urbana City Council in January 2010. The results of the study identified four barriers to fair housing choice, including: discrimination on the basis of a mental or physical disability, culture and language barriers, an inefficient complaint system for taking legal action against discrimination, and housing affordability issues. The City will work to educate landlords to address these barriers.
- The City of Urbana Community Development Services Department, when considering changes in housing related policies, will consider the potential impact any policy changes might have in creating barriers to affordable housing.
- The City will continue to seek and support educational and training opportunities, which focus on eliminating barriers to affordable housing.
- The City will support tenant advocacy and education efforts by agencies such as the C-U Tenant Union.
- The Urbana HOME Consortium will require that owners of projects containing five or more units will affirmatively market any City HOME-assisted unit available for rent or purchase in a manner to attract tenants without regard to race, color, national origin, sex, religion, familial status or disability. The procedures will require that owners:
  - a) Use the Equal Housing Opportunity logo in all advertising;
  - b) Display a Fair Housing poster in the rental and sales office;
  - c) Where appropriate, advertise/use media, including minority outlets, likely to reach persons least likely to apply for the housing;
  - d) Maintain files of the Project's affirmative marketing activities for five (5) years and provide access thereto to LENDER Staff;
  - e) Not refrain from renting to any participating tenant holding a Section 8 Housing Choice Voucher, except for good cause, such as previous failure to pay rent and/or to maintain a rental unit, or the tenant's violation of other terms and conditions of tenancy;
  - f) Comply with Section 8 Housing Choice Voucher Regulations when renting to any participating tenant;
  - g) Exercise affirmative marketing of the units when vacated; and complete an Urbana HOME Consortium Affirmative Marketing Plan.

## **HOME INVESTMENT PARTNERSHIPS ACT (HOME)**

The Urbana HOME Consortium invests all HOME funds as described in §92.205(b).

### **Resale/Recapture Provisions**

#### **Recapture Option - Homeownership (Direct Buyer Assistance)**

For HOME-assisted, homeownership units, wherein HOME funds are utilized to provide direct assistance to the homebuyer, the Urbana HOME Consortium members may utilize one of two net sales proceeds formulas to recapture HOME funds in the event that affordability requirements are not met for the full term of the affordability period due to a sale of the property or foreclosure.

If the net proceeds resulting from the sale or foreclosure of a HOME assisted property are not sufficient to recapture the full amount of the HOME investment and enable the homeowner to recover the amount of the homeowner's down payment and any capital improvements investment made by the owner since purchase, the Participating Jurisdiction will share the net proceeds. The net proceeds are the sale price minus loan repayment (other than HOME funds) and closing costs.

The net sales proceeds may be divided proportionately as set forth in one of the following mathematical formulas:

$$\frac{\text{HOME Investment}}{\text{HOME investment + Homeowner investment}} \times \text{Net Proceeds} = \text{Recaptured HOME Funds}$$

$$\frac{\text{Homeowner Investment}}{\text{HOME investment + Homeowner investment}} \times \text{Net Proceeds} = \text{Amount to homeowner}$$

Note: The City of Urbana, Urbana HOME Consortium members, and designated Community Housing Development Organizations agree that, to the extent allowable by law, to secure the HOME funds, a mortgage and promissory note shall be executed for any HOME funded homeownership property and shall be recorded against the title to the property. The mortgage and promissory note shall include the prescribed net sales proceeds provision for the recapture of HOME funds as stated above.

#### **Resale Option – Other HOME Assisted Projects:**

For other HOME assisted projects, to ensure compliance with the prescribed affordability period requirements, a resale restriction will be utilized. The resale restriction shall be in effect for the duration of the prescribed affordability period based on the amount of HOME assistance provided and will transfer to any future owners of the assisted property should the property be sold before the expiration of the affordability period.

The City of Urbana, Urbana HOME Consortium members, and designated Community Housing Development Organizations agree that, to the extent allowable by law, a mortgage and promissory note, and a land-use restriction agreement shall be prepared, executed and recorded against the title to the property for all other projects assisted with HOME funds as required.

The mortgage, note, and land-use restriction agreement shall include a provision restricting subsequent sales of any house to a family having income at or below 80 percent of area median family income for the period of affordability, which is determined in the HOME regulations as a function of HOME funds invested in said housing property. The mortgage, note, and land-use restriction shall be recorded against the title to the property. For rental projects, the mortgage, promissory note and land-use restriction agreement shall include rent and occupancy restrictions depending upon the amount of HOME funds invested per unit.

### **TENANT BASED RENTAL ASSISTANCE (TBRA)**

As stated in the *City of Urbana and Urbana HOME Consortium FY 2010-2014 Consolidated Plan*, the local market conditions show that the greatest concern of local renters is rent burden, where households that are housing cost burdened must pay more than 30% of their incomes for housing costs, such as rent and utilities. Extremely cost burdened households are paying more than 50% of their incomes for housing.

In the City of Urbana, eighty-four percent (84%) of extremely low-income renters and seventy-nine (79%) of very low-income renters have housing problems, mostly cost-burden. In the City of Champaign, only about 10% of the City's rental housing units are affordable to households with incomes at or below 30% MFI. Twenty-one percent (21%) of all renters are very low-income households, with 83% experience housing problems. In Champaign County, eighty-four percent (84%) of extremely low-income renters have housing problems with 81% being cost burdened. Fifty-seven percent (57%) of extremely low-income renters have housing problems with 49% being cost burdened.

Based on the local market conditions, the Urbana HOME Consortium is allocating HOME funds to provide affordable housing assistance to low-income residents of the City of Champaign. At least 90% of the assisted households will have annual incomes at or below 60% of the Area Median in accordance with HOME Regulations. The participating clients will follow a team-approved plan for achieving self-sufficiency and will make co-payments toward rent (not to exceed 30% of the household income), based on their approved self-sufficiency plan.

### **Refinancing a HOME-Funded Project**

Refinancing of a project may occur only if specifically authorized in an Annual Action Plan approved by the Urbana City Council, and then only if conditions of the refinancing are clearly stated in the Plan. To be eligible for refinancing a project must meet the following conditions:

- Refinancing cannot be the primary purpose of the HOME investment. Refinancing is only appropriate when HOME funds are loaned to rehabilitate the property for which refinancing is being requested and then only when necessary to permit or ensure continued affordability. To demonstrate that rehabilitation is the primary activity for which HOME funds have been expended in connection with the property, at least \$5,000 per unit average in HOME funds must have been provided for rehabilitation of the property.

- The project sponsor requesting HOME funds for debt refinancing must demonstrate, and the City must confirm, that disinvestment in the property has not occurred, long-term needs of the project can be met through the refinancing, and servicing the targeted population over an extended affordability period is feasible.
- Refinancing may be approved either to maintain current affordable units or to create additional affordable units.
- Properties for which refinancing is approved may be located anywhere within the Urbana corporate limits.
- Properties for which refinancing is approved are subject to an affordability period of at least five years starting on the date the refinancing is closed.
- HOME funds cannot be used to refinance multiple-family loans made or insured by any other federal program, including but not limited to, the Community Development Block Grant Program.

### **III. HOMELESS & SPECIAL NEEDS**

#### **HOMELESS PREVENTION**

##### **1. Sources of Funds**

The City participates in the Urbana-Champaign Continuum of Care group in a cooperative effort to maximize the resources of the local municipalities (Urbana, Champaign, Champaign County, and Rantoul) and the local agencies that provide assistance to the homeless and special needs population. The activities proposed in the Annual Action Plan that are designed to address needs of homeless persons with special needs include:

- The City of Urbana CDBG budget provides an estimated **\$44,677** to support the City's Transitional Housing Program for homeless families with children. This program has been operating for over twenty years.
- The City will work with local agencies that provide services to the homeless through the Continuum of Care (Continuum) and Council of Service Providers to the Homeless (CSPH) to assist with grant applications and to help facilitate interagency cooperation in addressing and preventing chronic homelessness in the community. Both the Continuum and the CSPH regularly review and evaluate the needs of the community for homelessness and homeless prevention. One need in particular that has arisen is establishing an intact family emergency shelter in the community.
- The City may provide support to emergency and transitional shelters through the Consolidated Social Service Pool funding allocations. Obstacles to providing services to the homeless include a reduction of state and federal funding accessible to the agencies who work directly with the homeless population.
- Urbana will also continue to operate a HUD-funded Supportive Housing Program for Homeless Families in Transition. While non-profit agencies deliver services, City staff currently administers the program and aids in structuring strategic initiatives that enhance program opportunities.

- Effective July 1, 2006, the City of Urbana transferred the Shelter Plus Care grant program to the Champaign County Regional Planning Commission (CCRPC), as CCRPC has sufficient staff to effectively administer the program. This transfer of the grant and associated responsibilities was approved by HUD. The services remain the same, and CCRPC continues to work with non-profits to deliver services of the program. The City works with CCRPC by providing inspection services for Shelter Plus Care properties within City limits.
- The Urbana HOME Consortium has collaboratively allocated a total of over **\$400,000** of HOME funds to a Tenant Based Rental Assistance (TBRA) Program that is currently operated by the Champaign County Regional Planning Commission to provide rent assistance Consortium wide. Funds were allocated during FY 2009-2010 and FY 2010-2011. In addition, the City of Champaign allocated **\$72,000** of its FY 2011-2012 HOME allocations and **\$72,000** of its FY 2012-2013 HOME allocations for TBRA, to be targeted within the City of Champaign. Community Elements, a local social service agency, received HOME funding in the amount of **\$190,149** towards a TBRA program.

## **2. Homelessness**

The City of Urbana, as part of the Urbana-Champaign Continuum of Care, has devised a Strategic Plan for the prevention, coordination, maintenance, and evaluation regarding services to address the issue of homelessness in Champaign County. The goals for the City of Urbana and the Urbana HOME Consortium, as outlined in the Strategic Plan include:

- Development of an interagency effort to address emergency rental property closings;
- Development of twenty-five (25) Single Room Occupancy (SRO) bed spaces for single persons to incorporate housing options with less restrictive felony restrictions;
- Coordination of an emergency family shelter in the community, by which the Council of Service Providers to the Homeless addressed by forming a task force in FY 2012-2013 to study the possibility of creating an Emergency Family Shelter in the community.

The Annual Action Plan programs combine multiple sources for a concerted effort to address the current homeless population, as well as those at risk of becoming homeless:

- The Consortium members and other local municipal agencies, as well as utilities, have created an Emergency Tenant Relocation Task Force, facilitated by the City of Urbana, to address issues that would help those households who face the need to move from their current homes or apartments because of potential disconnection of one or more utilities. The Task Force has created a referral resource list, both in English and Spanish.

### **3. Chronic Homelessness**

The City of Urbana, as part of the Urbana-Champaign Continuum of Care, helped develop the Ten Year Plan to End Chronic Homelessness in 2004. According to the vision of the Plan, *"within ten years (2014), all individuals and families facing homelessness in Champaign County will have access to a coordinated array of housing options and supports that will enable them to sustain safe and decent shelter."*

According to the Plan, prevention of the causes of initial, prolonged, or repetitive homelessness will make a significant impact on ending chronic homelessness. Prevention often can be achieved through social service intervention or some form of immediate financial help to serve as a safety net for individual or family resources.

Preventive and crisis intervention services can assist individuals and families resolve and address crisis housing issues in ways that will prevent homelessness. Local agencies provide a wide range of services that are available to persons at risk of homelessness, including:

- Emergency rent assistance
- Financial literacy/debt management
- Employment assistance
- Legal assistance
- Home repair/rehabilitation
- Utility assistance
- Homeowner education
- Substance abuse/mental health treatment
- Domestic violence education/assistance
- Information & referral services

In addition, coordination of services provided to homeless persons facilitates efficient response, eliminates duplication of activities, highlights gaps in services, and identifies effective outcomes. Each year, the Ten Year Plan is reviewed and a strategic action plan is put into place to assist with achieving the goals listed in the overall plan for chronic homelessness.

### **4. Homelessness Prevention**

Numerous activities proposed in the Annual Action Plan are designed to address the needs of homeless persons and persons with special needs:

- The City of Urbana estimated CDBG budget includes **\$44,677** to support the City's Transitional Housing Program for homeless families with children. This program has been operating for twenty years and will remain stable for the upcoming year.
- The Urbana HOME Consortium members may allocate a portion of their share of HOME funds to a Tenant Based Rental Assistance Program through which those at risk of becoming homeless would receive priority for receiving funding in this program.

## **5. Discharge Coordination Policy**

The City of Urbana, as a participant in the Urbana-Champaign Continuum of Care, has established a policy for discharge of persons from publicly funded institutions or systems of care (such as health care facilities, foster care, or other youth facilities, or correction programs and institutions) in order to prevent such discharge resulting in homelessness for such persons.

## **EMERGENCY SOLUTIONS GRANTS (ESG)**

The Illinois Department of Commerce and Economic Opportunity (IDCEO) will be providing ESG funds from the Dept of Housing and Urban Development (HUD) to Continuums of Care who are not Emergency Solutions Grant (ESG) Recipients. The amount of funding will be provided to support Housing Prevention and Rapid Re-housing (HPRP) functions of the new program.

The Executive Committee of the Continuum of Care, of which the City of Urbana is a member, is working to establish a centralized or coordinated assessment system that will meet HUD requirements for ESG. A centralized intake process will address a HUD priority and encourage intake through shelters that can triage for client needs.

The Executive Committee has made recommendations to the full Continuum of Care for recent ESG awards. The following recommendations were approved. Administrative funds will be given to Champaign County Regional Planning Commission (CCRPC), to be used in support of the HMIS functions, as CCRPC is the HMIS administrator for the Continuum of Care. CCRPC will also administer the Homeless Prevention and Rapid Re-housing (RH) funds for rent assistance. Shelter partners will utilize a centralized intake process. This process will include a uniform screening that all shelter partners will use to screen persons for funding that includes prioritization/priority points. Shelter partners will refer persons to CCRPC for the rent assistance funding; a referral from the shelter partner would be required for RPC to process the funds.

The Continuum has adopted a new projects process that allows agencies to present new projects to the Continuum of Care for consideration. The procedures for the administration and operation of HMIS are already in effect through a Memorandum of Understanding (MOUs) with participating agencies.

The Executive Committee is also working to develop performance standards and evaluation outcomes for the activities assisted with ESG funds. The Monitoring & Compliance subcommittee is completing the final edits on a monitoring tool and will begin implementing its use after the Continuum approves the tool. The subcommittee will then complete desk and onsite reviews of Continuum-funded agencies on behalf of the Continuum. The monitoring subcommittee will report on its findings to the Executive Committee. The Executive Committee is also developing policies for the funding of shelters.

## IV. OTHER ACTIONS (COMMUNITY DEVELOPMENT)

### **PRIORITY NON-HOUSING COMMUNITY DEVELOPMENT NEEDS**

The City of Urbana's community development needs and priorities are based on the needs of the community, as reflected in the FY 2010-2014 Consolidated Plan, and input received from citizens during public hearings and neighborhood meetings.

#### **1. Basis for Assigning Priority Given to Each Category of Priority Needs**

The basis for assigning priority to community development needs is a function of:

- Perceived need in the community.
- Available funding.
- Special circumstances that provide for strategic opportunities.
- Relationship to the City's community development goals, Comprehensive Plan.

#### **2. Specific Goals and Strategies**

As indicated in the FY 2010-2014 Consolidated Plan, CDBG funds can be contributed for the following projects identified in the City's Capital Improvement Plan. These projects are *eligible* for CDBG funding, as the location of each of the projects meets HUD regulations that at least 51% of the persons benefiting from the project must be below 80% of the community's median family income:

	Estimated Funding	Anticipated Time Frame
Sidewalks - Division (Oakland - Thompson); Busey (south of Sunset) CT 54	\$ 70,000	2010-11
Division Street Reconstruction (South of Kerr)	\$ 225,000	2010-13
Mathews Street Reconstruction (Church - Ellis) CT 53	\$ 250,000	2012
Kerr Project Subdivision Infrastructure CT 54	\$ 400,000	2013

#### **3. Economic Development Activities**

The City is currently working with a prospective developer to redevelop a site the City owns just north of the City building. Staff is continuing to work with a new owner to renovate a major hotel property in the downtown area. The desire is for vacant or underutilized areas to become new mixed office/commercial and residential development that will create jobs, activities, and residences for the downtown. The City's Comprehensive Plan calls for the use of Tax Increment Financing to promote new development and redevelopment opportunities in the downtown area.

Commercial development and redevelopment activity continues to increase, which helps to reduce the number of persons below poverty level. The City of Urbana is involved in (non-CDBG) economic development activities through which job opportunities have been and continue to be developed in the community. In the past year, job opportunities have been created through the addition of new developments,

redevelopment agreements to facilitate expansion of existing businesses, and ongoing expansion of a large hospital.

The City continues to assist small businesses through utilization of business assistance programs, enterprise zone incentives, and tax increment finance incentives. It is estimated that through City subsidy efforts from July 2012 to the current time, approximately 72 jobs have been created.

## **ANTIPOVERTY STRATEGY**

### **Reducing the number of persons below poverty level**

Urbana and Cunningham Township will provide an estimated **\$313,400** to social service agencies. Most of the funded projects are designed to assist lower-income households and persons below the poverty level who reside in the City of Urbana.

City staff provides technical assistance to other non-profit organizations whose mission is to assist persons below the poverty level. City staff also serves on a number of voluntary boards and commissions, including the Champaign County Continuum of Care, Council of Service Providers to the Homeless, and the Champaign County Community Action Board, whose missions are to assist in reducing the numbers of persons below poverty level.

In the upcoming year, it is anticipated that the continuing trend of new commercial development and commercial redevelopment in the City will provide additional job opportunities, which could help reduce the number of persons below poverty level. Over the previous three years, the opening of a discount food store and a major retail store in Urbana created job opportunities. This, in addition to the opening of new smaller businesses throughout the City resulted in an overall increase of jobs. The economic downturn has affected the timeline for a major building materials supplier to open a new retail store in east Urbana. However, the City will continue in its efforts in working with this company to begin the project in the near future.

As stated previously, the City is currently working with a prospective developer to redevelop a site the City owns just north of the City building. Staff is also working with a new owner to renovate a major hotel property in the downtown area. The desire is for vacant or underutilized areas to become new mixed office/commercial and residential development that will create jobs, activities, and residences for the downtown.

The City's Comprehensive Plan calls for the use of Tax Increment Financing to "promote new development and redevelopment opportunities in the downtown area." Such activities are likely to result in a broad range of job opportunities in the community.

## **NON-HOMELESS SPECIAL NEEDS**

It is the goal of the City of Urbana to provide residents with special needs (i.e. elderly, persons with disabilities, person with HIV/AIDS, and persons with alcohol or other substance abuse problems) access to resources and to decent affordable housing. Through the Consolidated Social Service Funding pool, agencies that work with residents with special needs are able to access City resources. The following is a list of agencies that have received funding through either the Consolidated Social Service Funding pool or the Public Facilities and Improvements Program in recent years:

- **Family Service of Champaign County**, whose mission is to support people across the generations by providing quality human services, has received funding for their various senior programs, (i.e. Homecare, Senior Counseling & Advocacy, Meals on Wheels, Senior Transportation, and Retired Senior Volunteer Program), through Consolidated Social Service Funding.
- **Peace Meal Senior Nutrition Program**, whose mission is to provide quality meals for healthier lives and helps seniors improve their nutrition, sustain their independence and enhance the quality of their life by providing meals, fellowship, and connections to other needed services, has received funding through Consolidated Social Service Funding.
- **Persons Assuming Control of their Environment (PACE)**, which has received funding through Consolidated Social Service Funding, promotes the full participation of people with disabilities in the rights and responsibilities of society. The PACE Homeownership Coalition for People with Disabilities (Homeownership Coalition) promotes greater accessibility to homeownership for households with members who have disabilities. The group also includes many community organizations as partners and participants; the City of Urbana is member.

# ANNUAL ACTION PLAN FY 2013-2014 PUBLIC HEARING

Tuesday, January 8, 2013, 7:00 P.M.  
Urbana City Council Chambers, 400 South Vine Street, Urbana

## Minutes

Present: Kelly Mierkowski, Jennifer Gonzalez, Jenell Hardy, and Connie Eldridge, Community Development Services Department, City of Urbana.

Others Present: Esther Patt, Champaign-Urbana Tenant Union; Lisa Benson, Community Elements. See attached sign-in sheet.

Ms. Mierkowski called the public hearing to order at 7:06 p.m. The purpose of this public hearing is to provide an opportunity for the public to provide input and comments regarding the proposed City of Urbana and Urbana HOME Consortium Annual Action Plan for Fiscal Year 2013-2014.

Notice of this public hearing was placed on the City's website on December 21, 2012; faxed, mailed and emailed to the media, various social service agencies and citizens; published in Grants Management Division's winter issue of the *Neighborhood News*; and published on Friday, December 21, 2012 in Champaign-Urbana's local newspaper, *The News-Gazette*.

Esther Patt, Executive Director of the Champaign-Urbana Tenant Union, distributed copies of "Champaign-Urbana Tenant Union's Public Comments on Priorities for the City of Urbana & Urbana HOME Consortium Annual Action Plan for FY 2013-2014" (see attached). She read this statement for the record. She urged the City to spend more HOME and Community Development Block Grant (CDBG) funds to subsidize rents for extremely low income households whose incomes are lower than 30% of Median Family Income (MFI).

Lisa Benson, Director of Residential Services for Community Elements, noted they offer a Tenant Based Rental Assistance (TBRA) Program for persons with disabilities who are at or below 30% MFI. The City of Urbana has always been helpful providing different grants, including the Consolidated Social Service Fund (CSSF). Community Elements shared the same concerns as the Tenant Union about limited opportunities for rent assistance and request the Cities of Champaign and Urbana and Champaign County continue to help.

In response to Ms. Patt, Ms. Benson stated that additional TBRA funds would not necessarily result in serving more clients. More clients require more supportive services.

Ms. Patt discussed her concern that two year Transitional Housing (TH) Programs are not enough time for a person to transition out of poverty. She felt a five year program would help a person earn a college degree to get a better job. Ms. Benson clarified the goal of TH programs is to get persons out of homelessness rather than poverty. Participants learn budgeting and self-sufficiency skills. Ms. Hardy stated the City's TH program has always been two years.

Ms. Benson thanked the City of Urbana for providing public facilities funds to them in the past. Community Elements used those funds to fix up their apartments provided to extremely low persons at 30% or lower Median Family Income (MFI). While Ms. Patt realized the Housing Authority and the Cities cannot take care of everything, she encouraged them to allocate more funds toward programs for extremely low income persons. Concerning CSSF funds, Ms. Patt encouraged the City to fund as many different agencies and programs as possible, rather than funding only a few. Every agency needs help, and non-profit agencies survive by piecing together many small grants.

In response to Ms. Benson, Ms. Gonzalez stated the City put CDBG and HOME funds into the Crystal View Townhomes project. Eight units are targeted for persons at 30% or below MFI. Source of funding usually determines the applicable regulations. Ms. Patt, who was a member of City Council at the time, discussed the redevelopment of Lakeside Terrace public housing, Housing Authority vouchers, and the plan that was to build 25 scattered site units. There was discussion on the average unit rent, utility allowances, Section 8 and the private housing market. Ms. Patt stated many persons on Section 8 are rent burdened because they chose units that are more than they can afford.

Seeing there were no other comments, Ms. Mierkowski adjourned the public hearing at 7:40 p.m.

CHAMPAIGN-URBANA TENANT UNION'S PUBLIC COMMENT ON PRIORITIES FOR CITY OF URBANA AND  
URBANA HOME CONSORTIUM ANNUAL ACTION PLAN FOR FY 2013-2014

Presented January 8, 2013  
Esther Patt, Director

Making housing affordable to the working poor – extremely low income households earning less than 30% of Median Family Income (MFI) is the single most compelling need that we see at the Champaign-Urbana Tenant Union. Millions of dollars are spent locally each year on housing programs, but the vast majority of the funds go to programs that assist homeowners, income property owners and tenants earning 50% - 80% MFI.

We applaud the City of Urbana's decisions to continue the Transitional Housing program that helps three to five families a year and local governments' reinstatement of the Tenant Based Rent Assistance program that helps a dozen families in a year; however, much more needs to be done to both prevent families from becoming homeless and to help homeless individuals and families obtain permanent housing that they can afford. A much higher percentage of HOME and CDBG funds should be used to provide housing for households earning less than 30% MFI. Please consider these facts:

1. More than 300 children in Champaign County are homeless each year.
2. One of every five Champaign County residents (approximately 13,000 households) have incomes below the poverty level but 81% of those households receive no rent assistance of any kind (they do not have Section 8 Housing Choice Vouchers and do not live in any type of subsidized housing).
3. While tax credit housing is frequently referred to as "affordable housing," the income needed to afford a 2-bedroom apartment at any of the tax credit apartment complexes (Douglass Square, Oakwood Trace, Crystal View Townhomes, Towne Center, Prairie Green or Rainbow Apartments) is \$30,000.00 The income needed to afford a 3-bedroom apartment at the tax credit apartment complexes is \$35,400.00. Without a rent subsidy from some source, households with incomes below 50% MFI who live in tax credit housing are rent burdened
4. Rent burdened households face significant risk of falling behind on rent and becoming homeless as a result of eviction for non-payment of rent.
5. Last year, the Champaign-Urbana Tenant Union was contacted by 344 households who were facing eviction because they could not keep up with rent payments. Most were employed people who earn low wages and are rent burdened. Income of at least \$28,000.00 is needed to afford the cheapest 2 bedroom apartments available in Urbana. A full-time minimum wage job pays only 61% of that amount (\$17,160.00 per year).

6. In August 2012, the Housing Authority of Champaign County (HACC) reported that more than 200 households are on the waiting list for Section 8 Housing Choice Vouchers. The list is almost always closed. Four years ago, 1,798 families received Housing Choice Vouchers from the Housing Authority. Today, only 1,485 families are being served.
7. The Housing Authority plans to convert the tenant-based vouchers it is holding, plus another 100 vouchers that become available in the next two years to project-based vouchers for units in mixed-income, tax-credit apartment complexes.
8. Because it is a "Moving to Work Agency" the Housing Authority is not required to ensure that 75% of all households served have incomes below 30% MFI. The agency is now required only to ensure that 75% of households served have incomes below 50% MFI.
9. Although 81% of the households currently served by HACC are extremely low income, that percentage will likely drop as a consequence of converting tenant-based vouchers to project-based because the goal is to create mixed-income housing. Hence, the tax credit housing that will be built is designed to attract higher income tenants (for example, 2 bedroom apartments planned at the old Dunbar Court site will have 2 bathrooms and laminate wood floors). HACC has not indicated any intention to give priority for project-based vouchers to people currently on the Housing Choice Voucher waiting list. In fact, last fall when the first 25 vouchers were converted for use at Oakwood Trace Apartments, people on the Section 8 waiting list did not even receive notice that Oakwood Trace was creating a new waiting list for those 25 rent subsidy opportunities.
10. In the last ten years, HACC has demolished 263 units of public housing but has not replaced those housing opportunities with 263 vouchers (either project or tenant based). When the Lakeside Terrace public housing complex in Urbana was demolished, 25 project-based vouchers were promised for the Crystal View Townhomes that replaced Lakeside Terrace; however, HACC reported to us in November that only 13 were provided. The total of these vouchers plus the 72 tenant-based vouchers used to relocate the Lakeside Terrace residents is 13 fewer households than the number of families served when Lakeside Terrace was in operation. The new place looks nicer but when will we question the use of millions of dollars to serve fewer households?

For years, the City of Urbana and local governments have used most CDBG and HOME funds for physical improvements to achieve community development goals and for housing programs that benefit homeowners, developers and tenants whose incomes are above 50% MFI while telling advocates of the poor that the Housing Authority is primarily responsible for serving the extremely low income population. HACC has never had the capacity to meet the housing needs of the majority of working poor families and now it is moving in the same direction as the city governments – to focus on families earning higher incomes.

We urge the City of Urbana to spend more HOME and CDBG funds to subsidize rents for extremely low income households whose incomes are lower than 30% of Median Family Income.

Randy Burgett called the meeting to order at 7:05 p.m. The purpose of this public hearing is to provide an opportunity for the public to provide input and comments regarding the proposed City of Urbana and Urbana HOME Consortium Annual Action Plan for Fiscal Year 2013-2014.

Patti Smith indicated that she would like to see City investment in the public housing redevelopments happening in the area. The Housing Authority will be seeking grant funds for the Providence redevelopment in Champaign. The project is expected to break ground in 2013.

There was discussion on grant requirements in regard to Davis Bacon regulations, environmental review, and general HOME Investment Partnerships Program and Community Development Block Grant program information.

Seeing no further comments, Mr. Burgett closed the public hearing at 7:45 p.m.

Dear Ms. Mierkowski:

Faith-based, nonprofit community-based, and private organizations have a long history of transforming lives by addressing the deeper needs of people by instilling hope and values which help change behavior and attitudes. In many instances, these organizations succeeded where traditional government programs were unsuccessful in moving people from dependence to self-sufficiency. Previously, many faith-based organizations were reluctant to accept governmental funds in order to help the poor. Former laws restricted workforce development entities from coordinating and contracting with faith-based organizations. Federal and State laws now allow these institutions increased opportunities to transform lives and obtain results through the delivery of workforce development and support services as through:

**1. The federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996** (the Act) was signed into law on August 22, 1996. Section 104 of the Act provides that a state may administer and provide services through contracts with charitable, religious, or private organizations. Copies of the Act are available at <http://www.senate.gov/~ashcroft/pl104-193.pdf>

## **2. Community Development Block Grant Entitlement Communities Grants**

### **a) Citizen Participation:**

A grantee must develop and follow a detailed plan which provides for, and encourages, citizen participation and which emphasizes participation by persons of low- or moderate-income, particularly residents of predominantly low- and moderate-income neighborhoods, slum or blighted areas, and areas in which the grantee proposes to use CDBG funds. The plan must:

---

*We seek to provide the means for people whose communities are in economic crises with high unemployment, drugs, violence and poor housing. We teach them to be agents for community empowerment and community transformation*

- provide citizens with reasonable and timely access to local meetings, information, and records related to the grantee's proposed and actual use of funds;
- provide for public hearings to obtain citizen views and to respond to proposals and questions at all stages of the community development program, including at least the development of needs, the review of proposed activities, and review of program performance;
- provide for timely written answers to written complaints and grievances;
- and identify how the needs of non-English speaking residents will be met in the case of public hearings where a significant number of non-English speaking residents can be reasonably expected to participate.

3. **§ 1050.3 What conditions apply to the Charitable Choice provisions of the CSBG Act? (§ 1050.2 Definitions. (Applicable program means any program authorized under Title II of the Community Opportunities, Accountability, and Training and Education Act of 1998, 42 U.S.C. 9901, et seq.)**

- These Charitable Choice provisions apply whenever the Federal government, or a State or local government, uses funds under the CSBG Act to provide awards, contracts, or other assistance under any program authorized in the Community Services Block Grant, 42 U.S.C. 9901, et seq. Additionally, these provisions apply whenever an intermediate organization acting under a contract, grant, or other agreement with a Federal, State, or local government entity selects nongovernmental organizations to provide assistance under any of the programs authorized under the Community Services Block Grant Act.
- (a)(1) Religious organizations are eligible, on the same basis as any other organization, to participate in the applicable programs as long as they use program funds consistent with the Establishment Clause and the Free Exercise Clause of the First Amendment to the United States Constitution.
- (2) Neither the Federal government nor a State or local government receiving funds under an applicable program shall discriminate against an organization that applies to provide, or provides, services or benefits on the basis of the organization's religious character or affiliation.
- (b) No program participant that receives direct funding under an applicable program may expend the program funds for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services directly funded under any applicable program, and participation must be voluntary for program beneficiaries.
- (c) A religious organization that participates in an applicable program will retain its independence from Federal, State, and local governments and may continue to carry out its mission, including the definition, practice and expression of its religious beliefs, provided that it does not expend any direct funding under the applicable program to support any inherently religious activities, such as worship, religious instruction, or proselytization. Among other things, religious organizations may use space in their facilities to provide services funded under an applicable program without removing religious art, icons, scriptures, or other symbols. In addition, such a religious organization retains the authority over its internal governance, and it may retain religious terms in its

organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents.

- (d) The participation of a religious organization in, or its receipt of funds from, an applicable program does not affect that organization's exemption provided under 42 U.S.C. 2000e-1 regarding employment practices.
- (e) A religious organization that receives funds under an applicable program, shall not, in providing program services or benefits, discriminate against a program beneficiary or prospective program beneficiary on the basis of religion or a religious belief.
- (f) Religious organizations that receive funds under an applicable program are subject to the same regulations as other nongovernmental organizations to account, in accordance with generally accepted auditing and accounting principles, for the use of such funds. In addition, religious organizations are required to keep any Federal funds they receive for services segregated in a separate account from non-Federal funds. Only the segregated government funds are subject to audit by the government under the applicable program.
- (g) If a State or local government contributes its own funds to supplement CSBG Act funded activities, the State or local government has the option to segregate the Federal funds or commingle them. However, if the funds are commingled, the Charitable Choice provisions apply to all of the commingled funds.
- (h) If a nongovernmental intermediate organization, acting under a grant, contract, or other agreement with the Federal, State or local government, is given the authority to select nongovernmental organizations to provide services under an applicable program, then the intermediate organization must ensure that there is compliance with these Charitable Choice provisions. The intermediate organization retains all other rights of a nongovernmental organization under the Charitable Choice provisions.

4. Moreover, Section 1. Amendments to Executive Order 13279. Executive Order 13279 of December 12, 2002 (Equal Protection of the Laws for Faith-Based and Community Organizations), as amended, is hereby further amended:

(i) To promote transparency and accountability, agencies that provide Federal financial assistance for social service programs **shall post online**, in an easily accessible manner, regulations, guidance documents, and policies that reflect or elaborate upon the fundamental principles described in this section. **Agencies shall also post online a list** of entities that receive Federal financial assistance for provision of social service programs, consistent with law and pursuant to guidance set forth in paragraph (c) of section 3 of this order. (please see attached executive order).

Religious social teaching and its principle of subsidiarity have long stressed the importance of small and intermediate-sized communities or institutions in exercising moral responsibility. We support increased resources for faith-based and community-based mediating institutions that are pursuing creative, responsive and effective solutions with the potential to help real people gain independence from violence, addiction and poverty. Faith-based groups should be allowed to participate in federally-funded programs to meet social needs on the same terms as other groups, without changing their fundamental nature or facing discrimination because of their religious

To this end I implore you to assist us in moving forward with implementation of the White House Faith Based Partnership in the City of Urbana, to engage the community of faith to become willing partners by initially conforming to the above mentioned amendment. In doing so, it moves us several steps forward in the creation of a more wholesome community.

**Anti-displacement and Relocation Plan** -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential antidisplacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

9. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

### Specific CDBG Certifications

The Entitlement Community certifies that:

**Citizen Participation** -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

**Community Development Plan** -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

**Following a Plan** -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

**Use of Funds** -- It has complied with the following criteria:

11. Maximum Feasible Priority - With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
12. Overall Benefit - The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s), **FY 2013-2014** (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
13. Special Assessments - It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

**Excessive Force** -- It has adopted and is enforcing:

14. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
15. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

City of Urbana & Urbana HOME Consortium

---

**Compliance With Anti-discrimination laws** -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

**Lead-Based Paint** -- Its activities concerning lead-based paint will comply with the requirements of part 35, subparts A, B, J, K and R, of title 24;

**Compliance with Laws** -- It will comply with applicable laws.

### ESG Certifications

I, \_\_\_\_\_, Chief Executive Officer of City of Urbana, certify that the local government will ensure the provision of the matching supplemental funds required by the regulation at 24 *CFR* 576.51. I have attached to this certification a description of the sources and amounts of such supplemental funds.

I further certify that the local government will comply with:

1. The requirements of 24 *CFR* 576.53 concerning the continued use of buildings for which Emergency Shelter Grants are used for rehabilitation or conversion of buildings for use as emergency shelters for the homeless; or when funds are used solely for operating costs or essential services.
2. The building standards requirement of 24 *CFR* 576.55.
3. The requirements of 24 *CFR* 576.56, concerning assurances on services and other assistance to the homeless.
4. The requirements of 24 *CFR* 576.57, other appropriate provisions of 24 *CFR* Part 576, and other applicable federal laws concerning nondiscrimination and equal opportunity.
5. The requirements of 24 *CFR* 576.59(b) concerning the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.
6. The requirement of 24 *CFR* 576.59 concerning minimizing the displacement of persons as a result of a project assisted with these funds.
7. The requirements of 24 *CFR* Part 24 concerning the Drug Free Workplace Act of 1988.
8. The requirements of 24 *CFR* 576.56(a) and 576.65(b) that grantees develop and implement procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted with ESG funds and that the address or location of any family violence shelter project will not be made public, except with written authorization of the person or persons responsible for the operation of such shelter.
9. The requirement that recipients involve themselves, to the maximum extent practicable and where appropriate, homeless individuals and families in policymaking, renovating, maintaining, and operating facilities assisted under the ESG program, and in providing services for occupants of these facilities as provided by 24 *CFR* 76.56.

10. The requirements of 24 *CFR* 576.57(e) dealing with the provisions of, and regulations and procedures applicable with respect to the environmental review responsibilities under the National Environmental Policy Act of 1969 and related authorities as specified in 24 *CFR* Part 58.
11. The requirements of 24 *CFR* 576.21(a)(4) providing that the funding of homeless prevention activities for families that have received eviction notices or notices of termination of utility services will meet the requirements that: (A) the inability of the family to make the required payments must be the result of a sudden reduction in income; (B) the assistance must be necessary to avoid eviction of the family or termination of the services to the family; (C) there must be a reasonable prospect that the family will be able to resume payments within a reasonable period of time; and (D) the assistance must not supplant funding for preexisting homeless prevention activities from any other source.
12. The new requirement of the McKinney-Vento Act (42 *USC* 11362) to develop and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent such discharge from immediately resulting in homelessness for such persons. I further understand that state and local governments are primarily responsible for the care of these individuals, and that ESG funds are not to be used to assist such persons in place of state and local resources.
13. HUD's standards for participation in a local Homeless Management Information System (HMIS) and the collection and reporting of client-level information.

I further certify that the submission of a completed and approved Consolidated Plan with its certifications, which act as the application for an Emergency Shelter Grant, is authorized under state and/or local law, and that the local government possesses legal authority to carry out grant activities in accordance with the applicable laws and regulations of the U. S. Department of Housing and Urban Development.

- Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
- Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
