RE: ROSS Program  
ID #: 019105ACV  
Application #: 77040047  
Location: 705 East University Avenue, Urbana, IL 61802

Dear Mr. Lozier:

The Illinois EPA hereby acknowledges receipt of your registration and confirms that your source has been registered in the Registration of Smaller Sources (ROSS) Program. The ROSS Program regulations can be found at 35 Ill. Adm. Code 201.175.

Although the terms and conditions of previously issued air permits do not apply during the period the source is registered as a ROSS eligible source, the source must still comply with all applicable laws and regulations.

If you have changed or intend to change this source in a way that it will no longer be eligible for the ROSS Program, you must notify the Illinois Environmental Protection Agency, Division of Air Pollution Control, Air Permit Section, 1021 N. Grand Avenue East, Springfield, Illinois 62702 in writing as required by 35 Ill. Adm. Code 201.175(g) and comply with the terms of the existing permit(s) for the source. At that time, your source's status will be changed from being a ROSS eligible source back to a permitted source. Please note, however, that if you have or will be making changes to the source such that it includes activities, equipment or emissions that are not consistent with the terms of your existing lifetime operating permit, you may be required to revise your permit or obtain additional permits as required by 35 Ill. Adm. Code 201.175(g).

As a ROSS participant, the annual payment of your Air Pollution Control Site Fee will verify your source's renewed eligibility for the ROSS Program and maintain your registration.

For further information on the ROSS Program please visit the website at [www.ienconnect.com/enviro](http://www.ienconnect.com/enviro). If you have any questions concerning this, please contact Lori Pennington at 217/785-1720.

Sincerely,

The undersigned certifies by checking this box that the source is in compliance with the applicability of ROSS as stated below:

- Source is not required to obtain a permit pursuant to:
  - The Clean Air Act Permit Program (CAAPP)
  - A Federally Enforceable State Operating Permit (FESOP)
  - Regulations under Section 111, New Source Performance Standards
  - Regulations under Section 112, National Emission Standards for Hazardous Air Pollutants
  - USEPA
- The actual emissions from emission unit(s) not exempt pursuant to 35 ILL. Adm. Code 201.146 at this location (source) are:
  - Less than 5 tons per year (TPY) of combined particulate matter (PM), carbon monoxide (CO), nitrogen oxides (NOX), sulfur dioxide (SO2), and volatile organic material (VOM)
  - Less than 0.5 TPY of combined hazardous air pollutants
  - Less than 0.05 TPY mercury air emissions
  - Less than 0.05 TPY of lead air emissions
- The emissions unit(s) or source is not subject to maximum achievable control technology under 40 CFR Part 61 or the National Emission Standards for Hazardous Air Pollutants under 40 CFR Part 63 unless it is categorized as an area source
- Emission units at the source are not used as thermal desorption systems pursuant to 35 ILL. ADM. Code 728 Table F or as incinerator system(s)
- The source is not subject to local siting review under Section 39.2 of the Act
- The ROSS fee has been paid (for the first year, existing permitted sources may not be required to pay if current on annual site fee; new sources are required to pay upon submittal.)
- The sum of actual emissions from all non-exempt emission units for the prior calendar year are within the above limits. If the source is new or has been operating less than 1 year, projected estimated emissions may be used.

**Note that the terms and conditions of existing permits do not apply during the period the source is registered.**

The undersigned hereby registers this source and certifies that the statements contained herein are true and correct, and further certifies that all previously submitted information referenced in this registration remains true, correct and current. By affixing his/her signature hereto the undersigned further certifies that he/she is authorized to execute this registration.
