POLICY REGARDING SEXUAL HARASSMENT IN EMPLOYMENT

Michels Corporation

FULL COMPANY NAME

I. STATEMENT OF COMPANY POLICY

This company is committed to providing a workplace that is free from all forms of discrimination, including sexual harassment. Any employee's behavior that fits the definition of sexual harassment is a form of misconduct which may result in disciplinary action up to and including dismissal. Sexual harassment could also subject this company and, in some cases, an individual to substantial civil penalties.

The company's policy on sexual harassment is part of its overall affirmative action efforts pursuant to state and federal laws prohibiting discrimination based on age, race, color, religion, national origin, citizenship status, unfavorable discharge from the military, marital status, disability, and gender. Specifically, sexual harassment is prohibited by the Civil Rights Act of 1964, as amended in 1991, the Illinois Human Rights Act and the Urbana Human Rights Ordinance.

Each employee of this company bears the responsibility to refrain from sexual harassment in the workplace. No employee, male or female, should be subjected to unsolicited or unwelcome sexual overtures or conduct in the workplace. Furthermore, it is the responsibility of all supervisors to make sure that the work environment is free from sexual harassment. All forms of discrimination and conduct which can be considered harassing, coercive or disruptive, or which create a hostile or offensive environment must be eliminated. Instances of sexual harassment must be investigated in a prompt and effective manner.

All employees of this company, particularly those in a supervisory or management capacity, are expected to become familiar with the contents of this Policy and to abide by the requirements it establishes.

II. DEFINITION OF SEXUAL HARASSMENT

According to the Illinois Human Rights Act, sexual harassment is defined as: Any unwelcome sexual advances or requests for sexual favors or any conduct of a sexual nature when;

- (1) submission to such conduct is made, either explicitly or implicitly, a term or condition of an individual's employment.
- (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or
- (3) such conduct has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

The courts have determined that sexual harassment is a form of discrimination under Title VII of the Civil Rights Act of 1964, as amended in 1991.

Conduct commonly considered to be sexual harassment includes:

* Verbal: sexual innuendos, suggestive comments, insults, humor and jokes about sex, anatomy or gender-specific traits, sexual propositions, threats, repeated requests for dates, or statements about other employees, even outside their presence, of a sexual nature.

* Non-verbal: Suggestive or insulting sounds (whistling), leering, obscene gestures, sexually suggestive bodily gestures, "catcalls", "smacking", or "kissing" noises

* Visual: posters, signs, pin-ups or slogans of a sexual nature.

* Physical: Touching, unwelcome hugging or kissing, pinching, brushing the body, coerced sexual intercourse, or actual assault.

Sexual harassment most frequently involves a man harassing a woman. However, it can also involve a woman harassing a man or harassment between members of the same gender.

III. RESPONSIBILITY OF INDIVIDUAL EMPLOYEES.

Each individual employee has the responsibility to refrain from sexual harassment in the workplace.

An individual employee who sexually harasses a fellow worker is, of course, liable for his or her individual conduct.

The harassing employee will be subject to disciplinary action up to and including discharge in accord with the company's disciplinary policy and the terms of any applicable collective bargaining agreement.

The company has designated Karen Wuest (Name), VP of Human Resources (Title) to coordinate the company's sexual harassment policy compliance. Mr./Ms. Wuest can be reached at 817 W. Main St. Brownsville, WI 53006, 920.924.4373 (Address and Telephone).

[NOTE: Insert the name of the company's EEO Officer, Human Resource Administrator, Personnel Officer, or other person designated by company management to coordinate compliance with this policy] He/She is available to consult with employees regarding their obligations under this policy.

IV. RESPONSIBILITY OF SUPERVISORY EMPLOYEES.

Each supervisor is responsible for maintaining the workplace free from sexual harassment. This is accomplished by promoting a professional environment and by dealing with sexual harassment as with all other forms of employee misconduct.

A supervisor must address an observed incident of sexual harassment or a complaint, with seriousness, take prompt action to investigate it, report it, and end it, implement appropriate disciplinary action, and observe strict confidentiality. This also applies to cases where an employee tells the supervisor about behavior that constitutes sexual harassment but does not want to make a formal complaint.

In addition, supervisors must ensure that no **retaliation will result against an employee making a sexual harassment complaint.**

Supervisors in need of information regarding their obligations under this policy or procedures to follow upon receipt of a complaint of sexual harassment should contact Karen Wuest (Name), VP of Human Resources (Title) at 817 W. Main St. Brownsville, WI 53006 920.924.4373 (Address and telephone). [NOTE: Insert name of company EEO Officer, Human Resource Administrator, Personnel Officer, or other person designated by company management]

V. PROCEDURES FOR FILING A COMPLAINT OF SEXUAL HARASSMENT

A. INTERNAL

An employee who either observes or believes herself/himself to be the object of sexual harassment should deal with the incident(s) as directly and firmly as possible by clearly communicating her/his position to the supervisor, EEO Officer*, and to the offending employee. It is not necessary for the sexual harassment to be directed at the person making the complaint.

Each incident of sexual harassment should be documented or recorded. A note should be made of the date, time, place, what was said or done, and by whom. The documentation may be augmented by written records such as letters, notes, memos, and telephone messages.

No one making a complaint of sexual harassment will be retaliated against even if a complaint made in good faith is not substantiated. Any witness to an incident of sexual harassment is also protected from retaliation.

The process for making a complaint about sexual harassment falls into several stages.

1. **DIRECT COMMUNICATION.** If there is sexually harassing behavior in the workplace, the harassed employee should directly and clearly express her/his objection that the conduct is unwelcome and request that the offending behavior stop. The initial message may be verbal. If subsequent messages are needed, they should be put in writing in a note or a memo.

2. **CONTACT SUPERVISORY PERSONNEL.** At the same time direct communication is undertaken, or in the event the employee feels threatened or intimidated by the situation, the problem must be promptly reported to the immediate supervisor or the EEO Officer. If the harasser is the immediate supervisor, the problem should be reported to the next level of supervision of the EEO Officer.

3. FORMAL WRITTEN COMPLAINT. An employee may also report incidents of sexual harassment directly to the EEO Officer. The EEO Officer will counsel the reporting employee and be available to assist with filing a formal complaint. The Company will fully investigate the complaint, and will advise the complainant and the alleged harasser of the results of the investigation.

B. EXTERNAL

The Company hopes that any incident of sexual harassment can be resolved through the internal process outlined above. All employees, however, have the right to file formal charges with the Illinois Department of Human Rights (IDHR), the United States Equal Employment Opportunity Commission (EEOC) and/or the Urbana Human Relations Commission (UHRC). A charge with IDHR must be filed within 180 days of the incident of sexual harassment. A charge with EEOC must be filed within 300 days of the incident. A charge with UHRC must be filed within 90 days of the incident.

Michels Corporation Anti- Harassment Policy (Including Sexual Harassment)

Michels is committed to providing a professional work environment. These protected characteristics may include, but are not limited to, an individual's gender, race, color, ethnic origin, national origin, religion, age, ancestry, disability, sexual orientation, marital status, veteran status. This policy applies to all individuals who work for the company in any capacity at any location, including officers, directors, vendors, customers or visitors.

Harassment, including sexual, may exist when submission to such conduct is implicitly or expressly made a term or condition of employment; when submission to or rejection of such conduct is used as a basis for any employment decisions; or when such conduct results in creating an intimidating, hostile, threatening or offensive working environment.

Examples of conduct prohibited under this policy include, but are not limited to, the following:

- Unwelcome sexual advances, requests for sexual favors or physical conduct of a sexual nature such as touching, brushing up against another or derogatory comments.
- Unwelcome verbal or non-verbal conduct or visual displays of a sexual, offensive or discriminating manner such as posters, calendars, photographs, cartoons, graffiti or other offensive graphic displays.
- Making submission to or rejection of harassment the basis of any employment decision.
- Unprofessional comments in any work environment based on an individual's protected characteristics.
- Insults, name-calling or slurs based on an individual's protected characteristics.
- Jokes or other remarks that are sexual or offensive in nature or demeaning to an individual's protected characteristics.
- Physical, verbal or psychological abuse based on an individual's protected characteristics such as stereotyping, name calling, assaulting, sabotaging, segregating or threatening any individual in the workplace.
- Using abusive, threatening or other inappropriate language or profanity in the workplace.

This or similar conduct is offensive and inappropriate in the workplace. The company will not tolerate any forms of harassment. Such conduct can be the basis for disciplinary action, up to and including termination of employment. Similarly, if after an investigation, it is revealed that such allegations are baseless, then the originator of such entirely baseless and possible defamatory claims might also be subject to disciplinary actions up to and including discharge.

If you believe you have been the subject of harassment or you have knowledge of violations of this policy, report the matter immediately to Karen A. Wuest, Vice President of Human Resources at (920) 924-4300 extension 2376 or A. David Stegeman, Vice President and Chief Legal Officer at (920) 924-4300 extension 2264. There will be no retaliation against anyone who, in good faith, makes a report regarding harassment or assists in an investigation. Complaints will be treated as confidentially as possible in light of Michels' need to fully investigate the matter and take corrective action. In addition, any member of management who receives a complaint or is on notice of potential harassment is under an absolute obligation to pass the information on to Human Resources before 24 hours has passed.

Questions regarding this policy should be addressed directly to the Human Resources Department, who has the overall responsibility of investigating and resolving complaints at Michels.

Majority of our outreach is Wisconsin based, as our corporate office is located in Brownsville, WI. We engage and work with a variety of organizations to provide construction training. We are committed to increasing our efforts to recruit for qualified minorities, women, veterans and those with disabilities. Michels is also committed to educating their employees of our recruiting efforts. Communication of such efforts ensures that all employees are aware of Michels' devotion to promoting equal opportunity. Listed below are some specific examples of how we seek to hire diversity in our workplace.

1. Union Relations
 - a. Michels Corporation is a nationwide union contractor. We also are obligated to work within our international union agreements to dispatch work. Once we are awarded work, we will partner with the local union to add any addition workforce. We have been awarded projects as a prime contractor and subcontractor and many instances, it becomes difficult for us to recruit employees that quickly. The human resource department notified the union hall of the majority of the field positions that are available. We advise them we are looking to hire qualified women and minorities.
2. Employee Training
 - a. Safety Training
 - i. Annually we hold safety training for each division given to all employees to provide them with specific training related directly to safety on the jobsite, but also additional human resource related topics. These topics include harassment, general overview of our EEO/Affirmative Action policy, and additional topics related to specific divisions.
 - b. Human Resource Staff Training
 - i. Current Human Resource staff members are required to participate in seminars, presentation and other events specifically to further educate on how to increase diversity in the workplace.
 - c. Leadership Meetings
 - i. These meetings provide management employees specific training to continue their growth and education within the company as well as trends in the construction utility industry. There is a specific training program offered that specifically deals with our EEO/Affirmative Action Policy. The Director of Human Resources of Michels Corporation speaks about our recruiting efforts to increase diversity. Management is educated and made aware of the different efforts and the importance of them so they are prepared when they start hiring in the field.

3. Educational Outreach

- a. Michels attends various continuing education facilities to recruit diverse populations. This includes elementary, middle schools and high schools. We also recruit at technical schools, colleges and universities. In addition, we offer internship opportunities, both field and office based positions.
 - i. Attendance at the Illinois State University Construction Management Fair in Normal, IL held on September 14, 2017.
 - ii. City Colleges of Chicago- HCCTP; This program is a group of technical colleges in Illinois that offer the HCCTP (Highway Construction Careers Training Program). This program is designed to assist in the construction career start of minorities, women, and disadvantaged individuals.
