## 340 US Climate Mayors commit to adopt, honor and uphold Paris Climate Agreement goals

STATEMENT FROM THE CLIMATE MAYORS IN  
RESPONSE TO PRESIDENT TRUMP'S WITHDRAWAL  
FROM THE PARIS CLIMATE AGREEMENT

*Thursday, June 1st 2017*

The President's denial of global warming is getting a cold reception from America's cities.

As 340 US Mayors representing 65 million Americans, we will adopt, honor, and uphold the commitments to the goals enshrined in the Paris Agreement. We will intensify efforts to meet each of our cities' current climate goals, push for new action to meet the 1.5 degrees Celsius target, and work together to create a 21st century clean energy economy.

We will continue to lead. We are increasing investments in renewable energy and energy efficiency. We will buy and create more demand for electric cars and trucks. We will increase our efforts to cut greenhouse gas emissions, create a clean energy economy, and stand for environmental justice. And if the President wants to break the promises made to our allies enshrined in the historic Paris Agreement, we'll build and strengthen relationships around the world to protect the planet from devastating climate risks.

The world cannot wait—and neither will we.
