system or device. This includes records of all keystrokes or Web-browsing history made at any department computer or over any department network. The fact that access to a database, service or website requires a username or password will not create an expectation of privacy if it is accessed through department computers, electronic devices or networks.

The Department shall not request, require or coerce a member to provide a username, password or other related account information, or require or coerce a member to invite other members to join a group affiliated with any personal account of the member or to join a member's list of contacts in order to gain access to the member's account or profile on a personal online account (820 ILCS 55/10).

#### **324.4 AGENCY PROPERTY**

All information, data, documents, communications, and other entries initiated on, sent to or from, or accessed on any department computer, or through the department computer system on any other computer, whether downloaded or transferred from the original department computer, shall remain the exclusive property of the Department and shall not be available for personal or non-departmental use without the expressed authorization of an employee's supervisor.

##### **324.4.1 OFF-DUTY USE**

Members shall only use technology resources provided by the Department while on-duty or in conjunction with specific on-call assignments unless specifically authorized by a supervisor. This includes the use of telephones, cell phones, texting, email or any other "off the clock" work-related activities. Employees shall not install personal copies of any software onto any department computer. Any files or software that an employee finds necessary to upload onto a department computer or network shall be done so only with the approval of the department IT specialist and only after being properly scanned for malicious attachments.

No employee shall knowingly make, acquire or use unauthorized copies of computer software not licensed to the agency while on agency premises or on an agency computer system. Such unauthorized use of software exposes the agency and involved employees to severe civil and criminal penalties.
