

Public Health
Prevent. Promote. Protect.

Champaign-Urbana Public Health District

October 08, 2020

To Whom It May Concern:

As the Champaign-Urbana Public Health District Administrator, I am in a unique position to see how COVID-19 is impacting the health and welfare of our community. This virus is spread through droplets in the air, so any efforts our community can make to reduce the spread by increasing social distancing is something that our department supports.

Cunningham Township Assessor Wayne T. Williams Jr. has found a creative solution to increase social distancing by ensuring our citizens are not visited by Township employees for annual assessments. Instead, there will be a contractor hired to take high-quality aerial shots of the Township, and the work can continue. Any creative solution to reduce in-person contact is welcomed at this time, and we thank the Cunningham Township Assessor for taking this public health emergency seriously.

Very respectfully,

Julie A. Pryde, MSW, MPH

Administrator, Champaign-Urbana Public Health District
201 W. Kenyon Road, Champaign, IL 61821
