Crime Analyst, Urbana Police Department

Pat Connolly

Chief, Urbana Police Department

Traffic Stop Data | Overview

This presentation covers information from traffic stops conducted by the Urbana Police Department from January 1, 2004 to September 30, 2016:

- All traffic stops
- Benchmarks
- Officers' decisions to stop
- Outcomes of traffic stops
- Individuals stopped multiple times
- Searches conducted during traffic stops

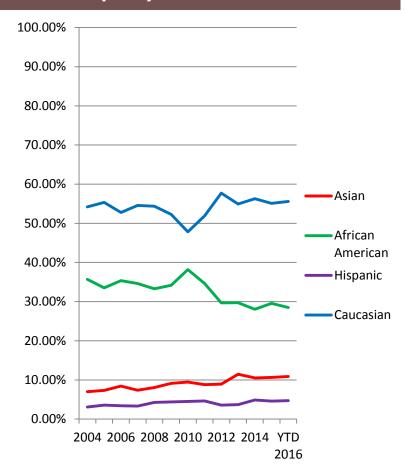

All information presented is included in the report.

Traffic Stops by Year

Traffic Stops by Race and Year

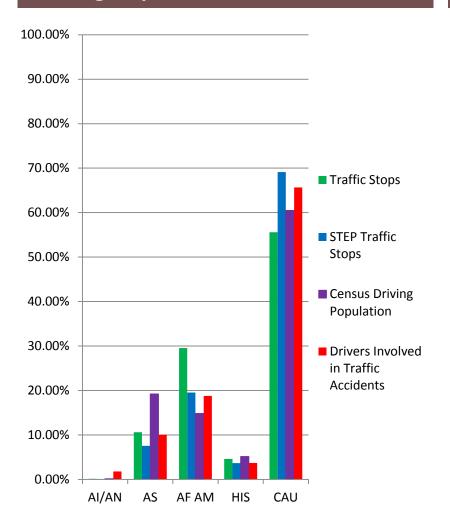

Recommendations for Tracking

 Continue to compile number of traffic stops and races of drivers by year to monitor substantial changes

Driving Population Benchmarks

Yearly Disparity Ratios (Accidents)

Urbana Police-Citizen Contacts | 2015 Disparity Ratios

	"Arrestee"*	Listed Offender*	Listed Victim	Witness*	Reporting Person*	Field Interviewee*
Asian	0.41	0.30	0.34	0.09	0.13	0.23

% Urbana Resident	48.72%	51.61%	76.82%	57.82%	55.19%	Too many missing

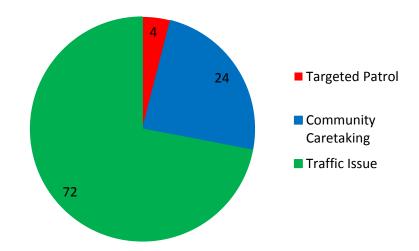

^{*}Interpret with caution, as the benchmark is the Census and about half of the individuals in these categories are Urbana residents.

- Continue to track traffic stop disparity using accident benchmark
- Spatial analysis
- Disparity on all police contacts:
 - Remove drivers stopped from traffic stops from analysis
 - Additional analysis on field interviews/pedestrian stops

*While these charges no longer lead to automatic arrests, there may be other charges associated with the same incident. These are included because they are more serious than traffic violations.

Motivations for Stop by Outcomes

Reasons for Stop by Outcomes

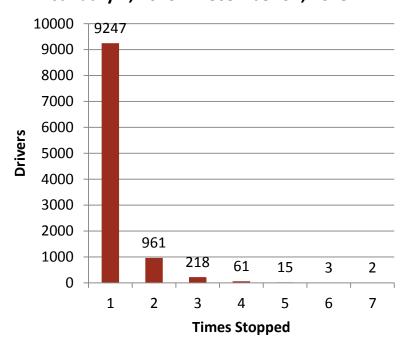

- Outcomes should continue to be tracked regularly
- Additional analysis for racial disparity in arrests

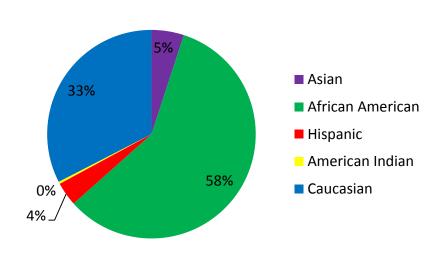

Multiple Stops by Drivers,

Multiple Stops by Race of Driver

January 1, 2013 – December 31, 2015

January 1, 2013 - December 31, 2015

- Drivers stopped multiple times in a specified period of time should continue to be tracked regularly
 - Report distributed to command staff
