

SENIOR FINANCIAL ANALYST/BUDGET COORDINATOR

JOB DESCRIPTION

Department: Finance & HR	Division: Administration
Work Location: City Building	Percent Time: 100%
Job Type: Civil Service	FLSA Status: Exempt
Reports To: Finance Director	Union: Non-union

JOB SUMMARY

The Senior Financial Analyst / Budget Coordinator is responsible for developing and coordinating the City's budget processes and provides analysis services for executive management. Facilitates ongoing business processes by enhancing communication and coordination between various functional areas. Performs professional-level budget preparation, analysis, coordination, and administrative work, including professional fiscal analysis and research duties in support of the preparation and administration of capital and operating budgets.

The incumbent, working under the supervision of the Finance Director, is responsible for a variety of complex financial issues including policy development, budget development, evaluation of programs and services, and maintenance of the City's financial management system. Requires ability to exercise independent judgment in the application of sound financial principles. The Senior Financial Analyst / Budget Coordinator is expected to carry out individual responsibilities with initiative, independence, and creativity while exercising sound professional judgment and strong communication skills.

DISTINGUISHING CHARACTERISTICS

Incumbents in this class perform a variety of complex and specialized functions that require a thorough knowledge of finance and business information systems, as well as project management, with a significant degree of independence and accountability for results. Requires excellent project management skills to manage complex, long-term processes for developing the budget, capital plan, and other efforts. This position is expected to exercise initiative and independent judgment within established guidelines in providing technical and professional administrative support in a variety of areas. Assignments are typically received in broad outline form and require the incumbent to solve routine and non-routine problems. Projects may include statistical analysis, developing training materials, and other areas specific to assignments. This position has access to confidential information.

ESSENTIAL FUNCTIONS

Budget & Fiscal Analyses

1. Develops plan for the City's annual budget process. Communicates plan and schedule to City departments; assists City Departments in the preparation of their departmental section of the proposed budget
2. Prepares annual financial forecast to set context for the budget process.
3. Reviews budget proposals and evaluates programs and services for efficiency and effectiveness and to determine whether alternate service delivery methods are appropriate
4. Develops defined portions of the City's annual budget, including revenue projections.
5. Submits the City budget to GFOA for review
6. Performs financial analyses utilizing business case development processes and makes recommendations to management for decision-making purposes by gathering, clarifying, and presenting financial data. Applies budgeting concepts, financial, accounting, and project management principals in performing analyses.
7. Analyzes accounting records to determine financial resources required to implement programs and makes recommendations for budget allocations to ensure conformance to budgetary limits.
8. Develops Citywide and departmental policies and procedures related to various financial activities.
9. Manages financial system's project ledger function by advising staff on use of the project ledger, recommending and implementing specific strategies.
10. Prepares budget amendment reports for City Council and transfers into the financial system.
11. Prepares assigned audit work papers and consults with auditors on security in the Munis system.
12. Prepares clear and concise written reports for the City Council and internal staff.
13. Analyzes City practices, workflows and procedures; recommends, develops and implements improvements for efficiency.
14. Develops plan for the City's annual budget process. Communicates plan and schedule to City departments.

Vehicle and Equipment Replacement Fund (VERF) and Capital Improvement Plan (CIP) Funds

15. Works with departments to develop vehicle and equipment replacement recommendations;
16. Prepares budget and miscellaneous reports, procedures, and training on department budget processes, as well as coordinating and monitoring departmental budget appropriations and expenditures;
17. Advises on appropriate management of overruns requiring attention;
18. Develops long-term funding recommendations to ensure that the VERF is sustainable;

19. Plans, organizes, coordinates, prepares and administers the annual City-wide operational and Capital Improvement Program (CIP) budgets

Investments & Revenue Management

20. Monitors the City's investments and provides updates to the Finance Director on a regular basis; makes routine investment decisions, consistent with the City's investment policy.
21. Prepares projections and develops recommendations on the City's property tax levy. Prepares all related documents for the City Council.
22. Regularly update projections for major sources of revenue and provide reports on monitoring at least quarterly.
23. Evaluates revenue sources including potential new revenue sources, and cost recovery for current revenue sources.
24. Prepares projections and develops recommendations on the City's property tax levy. Prepares all related documents for the City Council.

Financial Information Systems

25. Continuously improves the quality, efficiency and value of financial information produced via financial tools, operational efficiencies, and automation.
26. Analyzes, designs, and evaluates implementation of financial systems enhancements.
27. Identifies opportunities to integrate new and existing systems and data sets.
28. Prepares complex statistical and narrative reports to provide financial information regarding operation of City departments using a modern ERP system and ad hoc reporting tools (i.e., Munis cubes and SSRS reporting). Assists end users of financial systems applications by applying functional knowledge of the Munis system.
29. Analyzes City financial systems, practices, and procedures; recommends, develops and implements improvements for efficiency.
30. Develops training materials and conducts training for financial system users.
31. Monitors investments, prepares journal entries, and makes routine investment decisions, consistent with the City's investment policy. Manages the City's project ledger settings, consults with users, and creates new projects.
32. Performs other related duties as assigned.
33. Coordinates with IT staff on roles and permissions in the financial system, ensuring that appropriate internal controls are maintained

In the absence of the Finance Director, may:

34. May approve budget transfers, purchases, and other financial transactions.
35. May review budget transfers.

Standardized Essential Duties:

- Continuously seeks process improvements in all operations with the ultimate goal to improve the quality of customer service.
- Assists the public with inquiries, requests, and/or problems in a friendly, respectful, courteous, and professional manner.
- Communicates and reinforces organizational culture and values.
- Maintain maximum security over confidential materials.
- Recognizes situations that are beyond his/her limits and directs them to the appropriate person.
- Maintains ongoing communication with supervisor, informing him/her of all pertinent problems, irregularities, new developments, changes and other important information within area of responsibility.
- Maintain a professional and courteous attitude with all people, including fellow employees, members of the public, management, board and commission members, elected officials and members of the media. Cooperates with other departmental/division personnel to ensure customer service standards are consistently practiced.
- Maintain confidentiality in performing assignments relative to any information received directly or indirectly. Ensure that confidential information is kept secure.
- Complies with City policies and procedures.
- Report to work on time and as scheduled.
- Perform other duties as needed or assigned.
- Manages complex, long-term projects, effectively coordinating across the City organization.

JOB FACTORS

Education & Experience

Any combination of education and experience that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

- A Master's degree in Finance, Accounting, Economics, Business, or a related field is required.

- Learn and apply pertinent ordinances, laws, codes, regulations, policies and procedures;
- Prepare accurate and complete financial statements, reports and analyses.
- Perform “what if” analyses for financial planning and interpret financial statements;
- Convey technical ideas in simple terms using effective interpersonal, written and oral communication skills;
- Train others in systems applications.
- Translate technical information into understandable format to staff and vice versa for financial information to Information Technology staff.
- Examine and verify a wide variety of financial documents and reports.
- Monitor and track accounting data;
- Communicate clearly and concisely, both orally and in writing;
- Identify and correct accounting errors;
- Develop financial reports using (SSRS).
- Demonstrate a high level of ethics, integrity, and professionalism.
- Manage complex, long-term projects.

Special Requirements:

- Must pass a criminal background check.

Supplemental Information

Supervision received

- Under Direction—the incumbent establishes procedures for attaining specific goals and objectives in a broad area of work. Only the results of work done are typically reviewed. Incumbent may develop new procedures which require modifications to established policy guidelines. May develop or update City policies. The supervisor sets overall objectives and resources available. Supervisor and employee, in consultation, develop deadlines, projects, and work to be done. The employee plans and carries out the assignment, resolves most of the conflicts, coordinates work with others and interprets or recommends changes to policy. Employee keeps the supervisor informed of progress, potentially controversial matters, or far-reaching implications.

Level and complexity of supervision exercised

- This position may supervise other staff positions.

Physical Demands and Working Conditions

- Requires visual acuity within the normal visual range with or without correction, sufficient to read computer screens and printed documents and visually inspect work; ability to speak; and hearing

within the normal audio range with or without correction. Subject to sitting for long periods of time to perform job scope. Working conditions are primarily in an office environment. Lifting and carrying up to 25 pounds unassisted, including but not limited to paper boxes and files. Work hours are typically 8 a.m. to 5 p.m., but are flexible.

Job Dimensions

- Routine contact with executive management, mid-management, staff and administrators. Regular contact with City Council. Occasional contact with outside agencies, and vendors/consultants.
- Responsible for management of the City’s budget and capital planning processes, and Vehicle and Equipment Replacement Fund.
- Performs budget development and financial analyses for an entity with a budget of over \$60 million. Communicates effectively, verbally and in writing; including preparing reports and presentations for the City Council to explain complex financial issues.

The work environment characteristics described herein are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

The duties listed above are intended only as illustrations of the various types of work that may be performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related or a logical assignment to the position.

The job description does not constitute an employment agreement between the employer and employee and is subject to change by the employer as the needs of the employer and requirements of the job change.
