You can attend virtually via Zoom if you wish to provide public input during the meeting. If you attend the meeting via Zoom, please turn off any sound from other sources such as UPTV, as there will be a lag in the audio. The meeting will be recorded by the City as part of the record. The recorded video will be available on the City's website. The Zoom webinar information is listed on the agenda.

Providing Public Input

Providing Public Input by e-mail:

We ask that you submit your public comments by email by 12:00 pm to uptv@urbanaininois.us

Providing Public Input from a computer browser or the Zoom app on a mobile device:

- The link to join by computer and the Webinar ID to join by the Zoom app are listed on the agenda. You will be asked to provide a name and email before joining.
- Make sure you have a microphone on your computer if you wish to speak. Please identify yourself with first and last name in Zoom for the record if you wish to speak*. FCC Guidelines will be followed.
- We will be muting participants except during public input, when they will be recognized to speak after raising their hand (see the next bullet point). Video will remain off for all members of the public, even while they are speaking.
- Per council rules you must identify yourself to provide public input with your first and last name*. During Public Input, if you wish to speak, please "Raise your hand" using the option at the bottom of the screen. When called on by the chair or host, you will be un-muted and you should state your name for the record per city code*.

Providing Public Input by phone:

- Join by calling the phone number shown in the agenda.
- Callers will then be asked to enter the Webinar ID number followed by the # key. The Webinar ID number is listed on the agenda.
- All callers are muted by default.
- If you wish to speak, please "Raise your hand" **by pressing *9 once** - this toggles the raise/lower hand option. When called on by the chair or host by your phone number, you will be un-muted and you should state your name for the record per city code*. When you are done, the host will "lower your hand" and mute you - there is no need to press any more buttons.
