

**Schedule G of the Urbana Local Traffic Code
Section 23-91**

Through streets designated. Those streets and parts of streets described in Schedule G are hereby declared to be through streets for the purpose of this article. Whenever any traffic code of this city designates and describes a through street, it shall be the duty of the city traffic engineer to place and maintain a stop sign, or on the basis of an engineering and traffic investigation at any intersection, a yield sign, on each and every street intersecting such through street unless traffic at any such intersection is controlled at all times by traffic-control signals; provided, however, that at the intersection of two (2) such through streets or at the intersection of a through street and a heavy traffic street not so designated, stop signs shall be erected at the approaches of either of said streets as may be determined by the city traffic engineer upon the basis of an engineering and traffic study.
