

CITY OF URBANA

Demolition Permit Affidavit

In an effort to verify demolition contractor compliance with Federal laws regulating asbestos, the City of Urbana requires that the following affidavit be completed and filed with all demolition permit applications before they will be processed. Thank you for your cooperation.

Street Address of Proposed Demolition _____

Please check one category and sign below.

I have notified the Illinois EPA NESHAPS coordinator and the US EPA Air Compliance Branch by mail at least 10 days prior to the date of my application.

I am exempt from the notification requirements because the structure that is replacing the demolition will be a privately owned home or an apartment building of four (4) or less units.

(Print name here)

certifies that all information given is correct and that all pertinent City Codes will be complied with in performing the work for which this application is made.
