#### COMMENTS

Board of Trustees of the Fire Department Pension Fund
Of the City of Urbana, Illinois

#### STATUTORY RESERVE

The law which regulates the Firemen's Pension Fund does not specify a required fund balance. There is a small Statutory Reserve which is actually the reserve which was on hand on a certain date and is not an actuarially determined reserve. If the Firemen's Pension Fund had the same reserve requirements as the Police Pension Fund, the recommended balance at April 30, 1970 would be \$420,000 for 33 firemen and 9 pensioners. The fund balance at April 30, 1970 was \$153,124.00. Applying the Police Pension target date of 1999 for attaining the required reserve balance, the fund balance would have to increase about \$9,200 per year over the next 29 years.

#### TAX LEVY

The 1968 tax levy, received in 1969, was \$25,000. The 1969 levy, which will be collected during the year ending April 30, 1971, was set at \$30,000.

#### GENERAL

We appreciate the helpful cooperation of the officers of the Firemen's Pension Fund which made our work more efficient.
