

MEMORANDUM

TO: Mayor Laurel Lunt Prussing and Members of Urbana City Council
FROM: William R. Gray, Public Works Director
Craig E. Shonkwiler, Assistant City Engineer
DATE: October 22, 2015
RE: Traffic Commission Ordinance

Introduction

At its September 15, 2015 meeting, the Urbana Traffic Commission recommended parking restrictions at certain locations on Philo Road between Washington Street and 264 feet north of Washington Street.

Background

In January 1997, the Urbana City Council approved Ordinance #9697-77 thereby restricting parking on Philo Road from the centerline of Washington Street to 82 feet north of the centerline of Washington Street to ease congestion created by on-street parking on the east side of Philo Road. Since the passage of the ordinance, vehicles have been parking on an unimproved shoulder that is not wide enough to entirely accommodate the vehicles. The Urbana Traffic Commission recommended parking restrictions on the shoulder at locations where cars cannot safely park. To accomplish this, the Traffic Commission recommended removing the current restriction approved in 1997, and adding to the ordinance (Schedule J) for parking restrictions on Philo Road from Washington Street to 104 feet to the north of Washington Street and from 160 feet north of Washington Street to 264 feet north of Washington Street to clarify where on-street parking would be allowed. Some patrons of the restaurant (Huaraches Moroleon located at 805 South Philo Road) had been parking on Philo Road when the parking lot was full. If the restrictions are approved, the City plans to widen to the east shoulder of Philo Road and designate the area where parking would be permitted to prevent damage to the shoulder of the road, avoid rutting the parkway grass and keep parked vehicles away from the travel lane on Philo Road.

Recommendation

It is recommended that Council approve an Ordinance Amending Schedule J of Section 23-183 of the Urbana Local Traffic Code Prohibiting Parking at All Times on Certain Streets (Philo Road).
